"Simple Compound Words"

Name: _____ Date: _____

What To Do:

Some words are made up of two words that are combined. Those words are called compound words. For example, 'something' is a compound word because it combines the two words, 'some' and 'thing' into one word. Write as many compound words as you can think of. Use a dictionary or a book to help you think of more!

"Combined Family Names"

Name: _____ Date: _____

What To Do:

Many of the words we use to describe our family members are combined words. They are either compound words or words joined with hyphens. 'Grandmother' and 'sister-in-law' are just two examples. List all the family names you can think of that are combined words.

Challenge:

Describe your family on the back of this page. Use as many combined words as you can. Circle all your combined words and share your work with a partner or small group.
